

Dubuque Area Society of Women Engineers Scholarship Application Requirements

A minimum of one (1) non-renewable \$1000 scholarship is available for female/female identifying 12th grade or college/university/post-secondary students who are either attending, or will be attending in the next year, an ABET accredited engineering school to pursue a BS degree in engineering full time. Minimum 3.0/4.0 GPA required. Applicant's home or school address must be within either the Dubuque SWE section boundaries or in Northeast Iowa in an area not covered by another SWE professional section. The Dubuque SWE scholarship committee will make the final decision on acceptable locations. Dubuque SWE section boundaries include Iowa zip codes starting with 520-521, Wisconsin zip codes starting with 538, and Illinois zip codes starting with 610.

Your complete application must be received by March 1. The scholarship recipient will be determined by May 1.

Application Package Checklist:

REQUIRED

- Completed application with signed certification
- Reference letter from an instructor (either physically included or sent directly from the instructor)
- Transcript (may be unofficial)
- Resume (include extracurricular activities, community service, and work experience, as well as associated dates)

OPTIONAL

- Up to two (2) additional reference letters may be provided (may be written by an instructor, coach, supervisor, or other adult that can attest to your achievements)

Reference Letter(s)

Provide a written statement from an instructor from your school. Comments should include observations of the applicant's technical, academic, and job-related achievements. Additional references can be submitted, but only one is required and must be from an instructor. If you're submitting your application electronically, your reference must email their letter directly to Dubuque SWE. If you mail in your application materials, your reference letter should be in a separate envelope and the seal shall be signed by your reference.
